To Whom It May Concern:

Re: Fleisher Products, Inc.

California Sea Grant and at least six other Sea Grant programs around the nation have used Fleisher Products to order aluminum signs for more than three years and recently vinyl signs. Fleisher has been reliable and has produced high-quality signs in a reasonable timeframe and at a competitive price.

Sometimes our orders have been extremely complicated. Fleisher most recently completed a complex order of four beach safety signs on both aluminum and vinyl, for a total of 1,900 signs. They had to modify existing artwork to include additional logos from sponsoring organizations, which included California State Parks. All of the sponsors are very satisfied with the quality and cost of the signs.

I highly recommend Fleisher Products for your signage needs. Please feel free to contact me in person.

Sincerely,

Marsha Gear, APR
Communications Director
California Sea Grant
